

CASE STUDY

LUSCOMBE DEVELOPMENT
SANDBANKS, POOLE

UNDERFLOORHEATING
DESIGN | SUPPLY | INSTALLATION

PROJECT BACKGROUND

An exceptional development of 3 large individually designed properties with views over Poole Harbour. Each property is finished to the highest specification, with stunning interior spaces and contemporary luxury living.

UFHN LTD designed, supplied and installed underfloor heating into the 3 floors for each property, incorporating weather compensation to further improve the efficiency of an already cost-effective form of heating system.

CLIENT

Mechanical

SIZE

**3 large residential houses
350m² | 411m² | 370m²**

PRODUCT

**Design, supply and install
Mercury screed system
with Mercury P20 pipe**

CONTROLS
