

CASE STUDY

HAMPSTEAD REACH, CHANDOS WAY
LONDON

UNDERFLOORHEATING
DESIGN | SUPPLY | INSTALLATION

PROJECT BACKGROUND

Chandos Way is a development set in a quiet location at the end of a tree lined cul-de-sac. 6 houses and 39 apartments are beautifully positioned overlooking spacious gardens and the design strongly represents the Arts and Crafts style of the suburb.

UFHN worked closely with the developer, design teams and mechanical contractor to design and install this project to the developer's requirements, ensuring the highest level of install was executed within the approved timescale.

CLIENT

National Developer

SIZE

5375m²

PRODUCT

Wet ufh for screeded floors

CONTROLS

Programmable thermostats

“UFHN worked closely with the Mechanical Contractor from the design of the system, right through to the completion of the project.”
