

CASE STUDY

KINGSGATE PRIMARY SCHOOL
LONDON

UNDERFLOORHEATING
DESIGN | SUPPLY | INSTALLATION

PROJECT BACKGROUND

A large scale redevelopment providing an additional 420 primary school places in north-west Camden.

Working closely with the main contractor and the local authorities, UFHN Ltd provided underfloor heating and insulation across a new two storey building for students aged between 4-7; addressing the need for more student places within the area.

CLIENT

M&E Contractor

SIZE

2,600m² - Classrooms, offices, recreation area and sports hall

PRODUCT

35mm floating floor with reflective layer and screed board. Sports Hall - Junkers floor system insulation

CONTROLS

Dial thermostat system with Night Set back

“We are delighted to lend our expertise and skill to this fantastic project, on time and within budget. Students will be able to learn in a modern and comfortable environment, designed specifically for the youngest children”.
